

# THE COIN CHRONICLES

Dear Wizard,

You are doing a great job of saving your money! Did you know that saving is a great way to reach your goals? As you grow, you will want to make many purchases. By saving now, you will have the money that you need later.

You could be earning interest or extra money on every cent you save. By putting your money somewhere safe, like a savings account, you can watch it grow!

Magically yours,

Max Money

Max Money

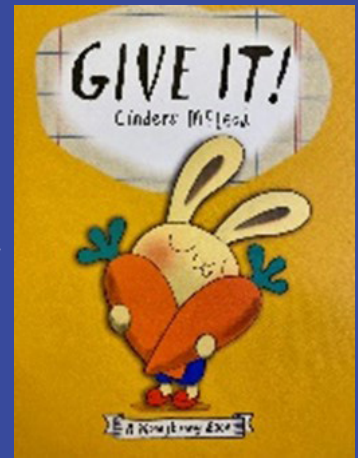

## BOOK NOOK

Give It!

Author: Cinders McLeod

Learn about money smarts! Give It! By Cinders McLeod tells the story of Chummy the bunny, trying to decide how to spend his money to save the world in Bunny Land. If you enjoy Give It!, read the other three books in the Money Bunny series.

## JOKE JUNCTION

Q. Where do fish keep their money?

Answer: In a river-bank.

## FINANCIAL FUN FACT

Did you know that coins can be around for 30 years? Paper money has a much shorter lifetime, and probably lasts 1 ½ years.

## SAVING REALLY MAKES CENTS

Record deposits in your Passbook of Secrets and you could win! Turn in a completed passbook with 12 deposits to a TBACU branch and you'll be entered to win a quarterly cash prize. Deposits can be made through the night drop or drive thru lane. Plus, you'll move to the next level and have a chance to win even more. It's that easy to make your savings count!

# HELP MAX COUNT THE MONEY!

Snap a picture of your completed puzzle and email it to **marketing@tbacu.com** for a chance to win a prize!\*

## iTEENS

As you continue to grow, your Money Magic Club account will too. When you reach your 13th birthday, you will become a member of the iTeens club! During your birthday month, instead of playing PLINKO you will get to Spin the Wheel for a chance to win \$5, \$10 or even \$50 to deposit into your account or take home as cash!

Visit **tbacu.com** for more information about iTeens.

# MAGIC MONEY

## STACK YOUR MONEY

For this magic trick, you need a bill and a quarter. Fold the dollar bill in half lengthwise. Set it on a flat surface, so it looks like a tent. Try to set a quarter on top of it. You may find this tricky! To balance the quarter more easily, fold the bill in half, folding the middle of the bill. Set the bill back down. Next, set the quarter on top of the bill. Now that's really adding up!
